FIRE PRECAUTIONS

ï It is vital that you familiarise yourself with the Fire Instructions displayed throughout the College. In particular, you should acquaint yourself with the fire exits out of your building and your Assembly Point.

ï Under no circumstances should fire alarms or fire extinguishers be tampered with, and you should bring any unserviceable equipment to the attention of the Porter as soon as possible.

ï Every building in Emmanuel College (with the exception of the gardeners' work sheds) is fitted with a fire alarm which is linked directly to the Porters' Lodge, and all the buildings are fitted with suitable fire extinguishers.

ï If you find a fire you should:

- Sound the fire alarm by breaking a break glass.
- Call 999 to report the fire, and then contact the Porters' Lodge.
- Immediately leave the building by the quickest possible route.
- Go to the emergency assembly point and stay there.

ï If you are in a building and the fire alarm is activated, you should:

- Immediately leave the building by the quickest possible route
- Go to the emergency assembly point and stay there.

ï The location of the fire assembly point for each building is indicated on the 'fire action' sign situated near the main entrance of each building. (Most of the assembly points are on the grass immediately outside the building).

ï No one should re-enter the building under any circumstances unless either the duty porter or the fire brigade says you may do so.

ï Fire extinguishers should only be used when a fire is preventing your escape from the building.

MEDICAL ASSISTANCE

ï Visitors requiring medical assistance should contact the Porters' Lodge either in person or via the phone on 01223 334200.

ï There are evacuation mats situated on the ground floor of the Queen's Building, outside the Upper Hall, & Furness Lodge.
